ABOUT ME

I am a first-year engineering student who has finished an extensive fullstack JavaScript bootcamp centered on the MERN stack and Tailwind CSS. In addition to actual experience gained through an internship, I possess a strong understanding of Git and programming languages such as JavaScript, Java, and PHP. Eager to engage in impactful projects, I am committed to continual learning

WORK EXPERIENCE

[20/06/2023 – 28/07/2023]

Summer internship

BIOMEDIQA-Tunisie

City: Kairouan | **Country**: Tunisia

During my internship, I had the privilege of collaborating with a dynamic team of developers, where I actively worked on Git server and conducted in-depth research on various topics. I also had the opportunity to deliver numerous presentations based on the courses I completed, covering essential subjects like Linux CLI, Git, Git workflows, and Clean Code.

- Successfully implemented Gitea, a self-hosted Git service, on a server, streamlining version control and improving code management within the team.

- Gained mentorship and guidance from experienced developers, contributing significantly to my personal and professional development.

CERTIFICATIONS

[07/2024 – 08/2024]

Full Stack JS Training

Certificate for completion of Full Stack JS

Link: <https://shorturl.at/AGLTZ>

[06/2023]

Foundations of User Experience (UX) Design at Coursera - Google

Acquired a solid understanding of key concepts, research methods and bias awareness in the field of UX design

Link: <https://www.coursera.org/account/accomplishments/certificate/5DWWTDRZ8UKT>

[03/2023]

Programming Fundamentals at Coursera - Duke University

Acquired problem-solving skills and learn how to develop algorithms

Link: <https://www.coursera.org/account/accomplishments/certificate/5PQLZPCK8HSX>

EDUCATION AND TRAINING

[09/2022 – 2027]

Bachelor's degree, Computer Software Engineering

EPI - École pluridisciplinaire internationale episup.com

City: Sousse | **Country**: Tunisia |

[14/09/2017 – 01/07/2021]

Tunisian Baccalaureate exam

Lycée Ibn Khaldoun Kairouan

Country: Tunisia | **Field(s) of study**: Experimental science | **Final grade**: Baccalaureate diploma in main session with honours and a grade of 14.27/20

CLUB COMPETITIONS AND
ACTIVITIES

[09/2024] **Community Manager - Designer**

Executive bureau member in ATAST club EPI, as a designer

[21/03/2024 – 23/03/2024] **B-TECH competition**

I was in charge of constructing BMC (Business modal canva) as well as helping with the presentation creation.

[24/02/2024 – 25/02/2024] **EPI Robots Day 3.0**

As a member of the organization and a designer, I was actively engaged in various tasks related to this competition. These tasks included developing advertising materials like using Figma, constructing the setup, directing the event, and checking the competitors on the day of the competition

[23/10/2023 – 24/10/2023] **Participation in Hackathon**

For my first participation in a hackathon was in the ATAST Cyberbenders AI Challenge, hosted by ATAST Club EPI and ISITCOM, me and my team competed for 12 hours.

DIGITAL SKILLS

My Digital Skills

Node.js, React.js | mongoDB | ExpressJS | PHP (7.x) | Database : MySQL(basic) | C Programming | GIT version control, Linux Command | Git Workflow | Figma | Java | Knowledge of SQL.

Life skills

Team-work oriented | Organizational and planning skills | Written and Verbal skills | Good listener and communicator

CONFERENCES AND SEM-
INARS

BMC training

Hosted by ATAST

Project Management Workshop

Club IEEE EPI, IAS chapter

[2024] **Python for Beginners Workshop**

Hosted by Club IEEE EPI, IAS chapter, 3-days training

PUBLICATIONS

[2023] [Understanding Git and Different Workflow Types](#)

An article, presented part of what I learned through internship I performed in Biomediqua-Tunisie
